*Subject to approval from your insurance company.

7 YEAR WARRANTY*

KEY FEATURES

1. **Euro Grade III Safe:** Certified and compliant to EN1143-1 ensuring top-tier security. Manufactured under ISO 9001:2015, built for maximum burglary resistance with advanced security features to safeguard your valuables.
2. **Four-Directional Boltwork:** Precision-engineered European locking system secures in all directions.
3. **40mm Anti-Cutting Bolts:** Heavy duty stainless steel bolts designed to withstand direct cutting attempts, reinforcing resistance against forced entry.
4. **Tempered Glass Relocker:** Triggers automatic bolt locking when tampered with.
5. **Manganese Steel Hardplate:** Reinforced manganese steel plate protects the boltwork against drilling and forced access.
6. **Flexible Locking:** Available in Digital, Combination or Key Locking.
7. **Anchoring:** 1 x pre-drilled anchoring hole allows secure installation to the ground, preventing unauthorised removal.
8. **5-Layer Paint Finish:** Painted with a 5-layer coating for enhanced durability and a professional finish.
9. **Fire Resistance:** Designed to 60 mins fire resistance.
10. **Warranty:** 7 years manufacturer's warranty* on the safe body and 2 years on locking devices.

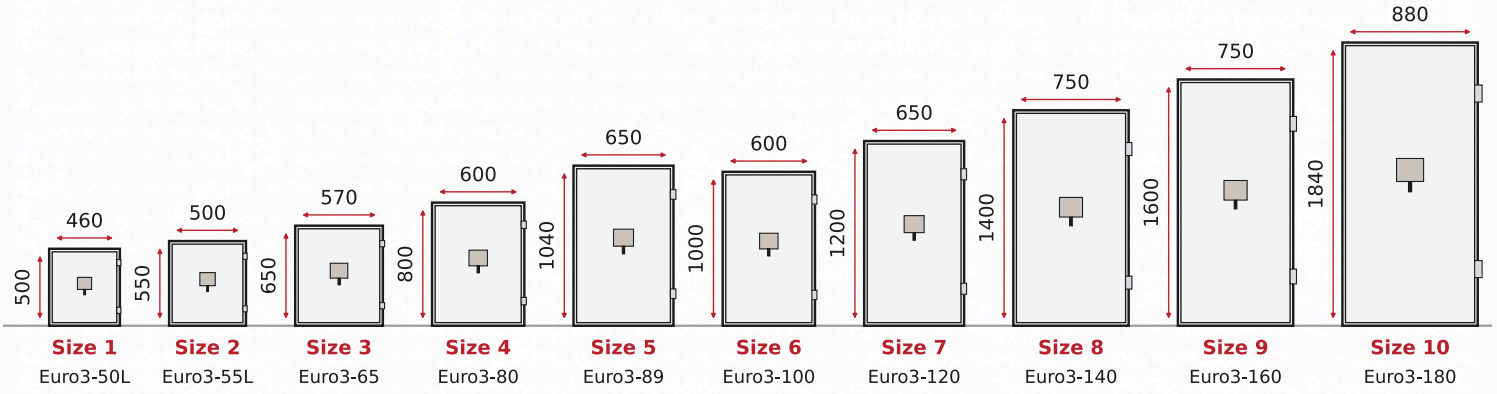

**Warranty terms and conditions apply.*
